Dear Donald.

Thank you for your Christmas message. We enjoyed it. & Elizabeth says it is the best card we received. Worth to it if you know what I mean! Hope you enjoyed your flight & didn't have any bumps. Reports of the heat in Sydney are not well reading. I hope you haven't melted too close spot. Thank you. it is a dry heat. I think you will find, as we did, that it is less trying than a much lower temp. here. On account of the humidity we have with ours.

The parents had lunch with us on Tuesday, on their way home. I expect they have heard from you re this. I will be glad of that.

We will be very interested to hear what you think of Canberra. It is something quite different from any other place. That is, if they have kept it so. The line of demarcation between the different salary groups amused us very much.

Apparently, blue bloods, didn't count.
Just your cheque book.
Roger has been accepted for Medical
School. So will be off to Medizin
next year - very happy about it.
Elaine & her husband sailed for
U.K. on Sat. for a working holiday
& hope to be away about 2 years.
They have not chosen a very good
time to arrive in England - too
near mid-winter.
Two 4-year olds in the Kindergarten
which shares the building Elizabeth's
rooms are in in the Albert. had a
fierce argument about whether there were
ghosts or not. The little girl said there
werent. Mummy said So. the little
boy was equally certain there were.
After nearly coming to blows the boy
cheeked the argument with "there
are ghosts. That's the Holy Ghost."
Well, here's wishing you all the best for
the holidays. & a successful &
happy year from us all.
Ever yours. Aunt Danni.
