

664A. Lut Edgew Rd.

22. 8. 60.

Dear Ronald,

Thank you for your interesting letter, which we all enjoyed. Your time at Caribena is drawing to an end. We are looking forward to seeing you, before you take off for your next venture. We hear A.S.A. Israel. W.F. all mentioned & we hope it will be W.F. you go to. We like to think W.G.'s best brains go to our own Kingdom for one thing. For another, we have a cousin, Ellis Hiblin at Harwell. We think you would like him. He has been there since the early days of the war. When the work done there

2.  
was very much happy. We were  
very fond of his father, who  
lived all his life at Bifford,  
who got Ellis & Margaret <sup>there</sup> up,  
to meet us one time we were  
there. Anyway, whatever you  
do. May you be successful &  
get to the top of the tree. Say I!  
Anne sent us all the colour  
slides she & Horace collected on  
their journey. A last night  
Joe Crompton & Annie, his new  
wife came to say they had  
Wain's slides of her trip home.  
A tour of the Continent &c.  
& would like to bring them over.  
Joe has a proper projector &c.  
& we had all time to go. A  
real joy to see. First bits of  
the flight home. Then views  
of Dorset. & the various  
near homes. Best of all.

2  
pictures of Dick's parents & family.  
Then bits of the flight back &  
finally the Canberra pictures.  
with a really first class one  
of you, top of the block where  
you work. The parents will  
be thrilled when it comes to  
their turn to see all these.  
I did wish they could have been  
here with us last night.

Jan was here last Sunday on  
his way home from Wellington  
for his holiday. He has a very  
nice A70 car. Nothing like  
some of his relatives used to  
drive here. The report Adam  
knew! However, old Wrat  
mostly got you there by dint  
of filling him up with water  
at every stream & water hole.  
Do you remember one glorious  
trip you had from Auckland to

4. Whangarei Heads. which took  
all night then some?.

We expect to see Ian again  
next Sunday. when he will be  
on his way back to Wellington.  
No doubt the wild pigs behind  
Ramp beach are having a boom  
time this week. That is, if Ian's  
gun is doing its duty. That  
seems to be Ian's favourite sport.

Weddings galore coming up in  
our family in the next while.  
We hear Alison Goble is to be  
married to Mr. Feather Stone  
in Jan'y. & Roger Goble in May.  
Between you & me. I don't  
think much of any of their  
choices. However they won't mind  
that.

Andrew Wilson (Adelaide.) who  
is arriving in Auckland by  
the Iberia on Oct 1<sup>st</sup> for one

day, on his way back to Australia  
is going to divide his time between  
us, & some other friends. We  
hope to have some of our Wilsons  
here, also your John & Mother, who  
are looking forward to meeting him,  
by reason of his contact with you.  
His visit should be of interest to  
us all.

Suzey, Mona, Ruzanne are  
arriving this evening for a few  
days, which will be very nice.  
Mona leaves for Singapore on  
Sept 8<sup>th</sup>. expects to be away  
6 or 7 weeks. Elaine & her husband  
have been there for the past 2 years  
& like it immensely. Elaine is  
expecting a baby shortly, hence  
Mona's trip there.

No work for this time. We all send  
our love & your tall good wishes  
for your wind up at Canberra.  
All the best. Aunt Jimmy.
